

MICRON
INDUSTRIES INC

**STAINLESS
STEEL HOSE
CATALOGUE**

Micron Industries Inc. a name you have grown to know and trust in the N2 / CO2 equipment maintenance and repair industry, introduces their line of Stainless Steel flexible metal hose assemblies.

Fabricated in Alberta by **Micron Industries Inc.** to meet time sensitive delivery requirements, all assemblies are welded by ABSA certified welders, tested and cleaned for cryogenic use.

Micron hose assemblies are made to your custom requirements with a variety of pressure rating and end fittings for your custom needs.

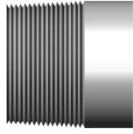

Technical Specifications:

Nominal ID (In.)	Nominal OD (In.)	Braid Layers	Series	Max. Pressure @70 f(PSIG)			Bend Radius (In.)		Weight /Foot (Lbs.)	Min. Design Temp

To Order:

Specify the ID Size, then the End Fittings desired, then the Overall Length.
i.e. If the above hose assembly is 4" ID the part number would be: 4.00-02-06-180

Micron Industries Inc. Is Now a Proud Distributor of

Manufactured Fuel Tanks.

Micron Industries is Licensed to Inspect and Recertify Fuel Tanks and Mobile IBC's.

- **All tanks over 450L capacity not used for the drive engine, for example Fracturing, N2 pumpers and all trailer mounted tanks must conform to the transportation of dangerous goods regulations and be inspected every five years by a certified inspection facility.**
- **Micron offers tanks for multiple OEM's including: Kenworth, Freightliner, Western Star and Peterbilt**
- **Micron Industries Inc. can provide inspections and manufactured fuel tanks (Mobile IBC's) that are in full compliance with the TDG act and CAN/CGSB43.146-2002.**
- **DOT and Transport Canada certified cylindrical aluminum fuel tanks come in sizes from 113L – 832L.**
